

Nitin & Neha Ingle. Missionaries to Amravati, India.

Prayer Letter March 2026

Dear Praying Partners in Christ,

Grace be to you, and peace, from God our Father, and from the Lord Jesus Christ. Ephesians 1:2

Thank you for your prayers and support to us. God has been so good to us in keeping us faithful in every situation, and we would like to provide you with our ministry update.

Last month, God gave me the opportunity to witness to a person named Nilesh. He is the son of one of the longest-tenured and well-known pastors in this area. I found that Nilesh, who is around 44 years old, was suffering from stage four bone cancer and half of his body was completely paralyzed. Understanding his critical condition, we started praying for him and my wife and I decided to visit him. We went to their home, which was around 50 miles from us, and I asked Nilesh where he would spend his eternity if he died? He answered heaven, and I asked why? He said "Because I gave my life to Jesus and I have done Bible study and so on." Knowing that he was depending on his good works, I explained to him, through the Scriptures, that salvation is the gift of God and it cannot be obtained by our works. As soon as he realized that his profession was false and in vain, he broke down in tears and allowed me to explain to him his sinful condition before a Holy God, and I gave him the Gospel. After that, he bowed his head and prayed, and the moment he opened his eyes, he said to his parents (who were listening to our conversation), "I feel like a huge burden has

been removed from my heart.” He said to his mother, "Mom, I am not afraid to die now.” Our Mighty God, Jesus Christ, saved Nilesh gloriously that day. All of us were rejoicing in his Salvation.

Nilesh passed away just a few days ago, but thank God for giving me the opportunity to reach him before he passed. I got the opportunity to preach at his funeral. There were hundreds of people to whom I gave the gospel. There were people who called themselves reverends, pastors, servants, but none of them knew the Lord. They all needed the gospel. I was reminded that when God asks us to go, we should not waste time, for there may be someone who may not have much time left and their eternity may be at stake. When I left Nilesh, I told him "You are my brother in Christ now, and if we don't meet again, I shall see you in Heaven,” and he was very happy and at peace.

In another instance, the mothers of two Sunday school kids, with whom my wife is always connected and encourages in prayer and fellowship, finally came to our house as they wanted to know more about Jesus. I was able to talk to them and explain to them about the true God of Heaven and their need for a Saviour. Being from Hindu backgrounds, they had many questions, and almost all of them centering around the idea of whether or not they had to leave their religion? And if yes, what would their families say about them? We are praying that God will help them to make those decisions as they were very interested in accepting Christ as their Saviour and told us that they would like to come back and know more. Please pray for them, their names are Pradnya and Sushma. It has always been our desire that through these kids we would be able to reach their parents.

My wife Neha has been working on these kids for a long time, and last Sunday she was able to lead a couple of them to Christ. Before making that decision, I was able to talk to them, to examine if they really understood the gospel before praying the sinner's prayers. Though it will be challenging for us to know for sure if they are saved, we trust God more than anyone, for He loves them and wants them to be saved.

As a preacher, we all know how wonderfully God provides us with a message for every Sunday and the wisdom to preach. Every message I preach, I audio record to send to those who live in remote areas, who, due to certain reasons, cannot

attend church. I have been doing this for the past 3 years, but it had always been my desire that these messages, which have strong, biblical doctrine, would be able to reach those who are searching for the truth. One day, God gave me the wisdom to upload all my messages to the Amravati Baptist Church YouTube channel so that it would be able to reach many people. In this era, being filled with a plethora of false teaching, having biblically strong preaching, especially in the Marathi language will be a huge help to the people who are searching for the truth. We have already uploaded more than 170 sermons and can see the channel growing.

The translation of my discipleship book, of which I had mentioned in my last letter, has now reached completion. We have printed the first copy as a draft to review and correct errors if there be any. As soon as it is finalized, we will be putting in bulk orders for them and then distribute them in the churches here, specifically to people who call themselves Christians but have never gotten saved. We are praying that through this Bible study, they would come to the knowledge of salvation and the understanding of their spiritually lost condition. Please keep this in your prayers as this will be a huge tool to reach unsaved people, especially those in false churches.

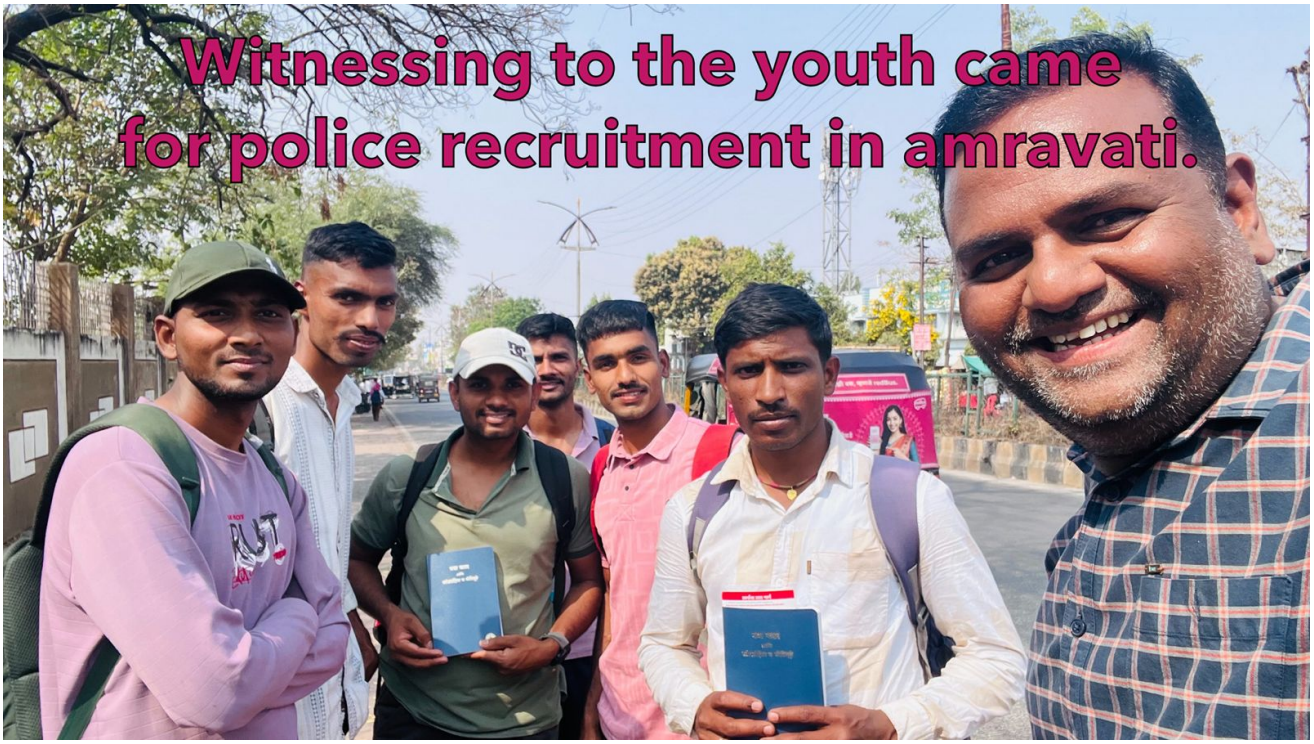

Please continue to pray for the growth of our church, for the one thing I continue to struggle and pray for is to find faithful families or faithful men who will learn to love the Lord and be ready to surrender their lives so that we would be able to disciple them and that they would be used for God's purpose. Please pray that God would lead us to such people or families.

Bible reading is the last thing people would ever think do here, therefore to encourage them, at the beginning of this year we gave them a one year Bible reading plan in Marathi and have announced a special prize for those who would accomplish it. Sushant, who is growing in the Lord, has not only started, but has already gone far ahead of the given plan in his Bible reading. Please keep him in your prayers that we would be able to prepare him for the ministry.

Last week I placed an order for 8000 gospel tracts so that we would be able to distributed them, both in Hindi and Marathi.

The moment Nilesh
God saved.

Preaching at Nilesh's funeral.

Witnessing to the youth came
for police recruitment in amravati.

Family update.

Our family is doing quite well. We celebrated our 15th wedding anniversary and my wife's birthday. Thank you all for sending your wishes to us.
Yohan is taking his 8th grade final examinations, and he enjoys his free time playing badminton. Summer has already started and the next 5-6 months are the toughest periods of the year as the temperature generally ranges from approximately 105 to 110 throughout the day, but God will sustain us.

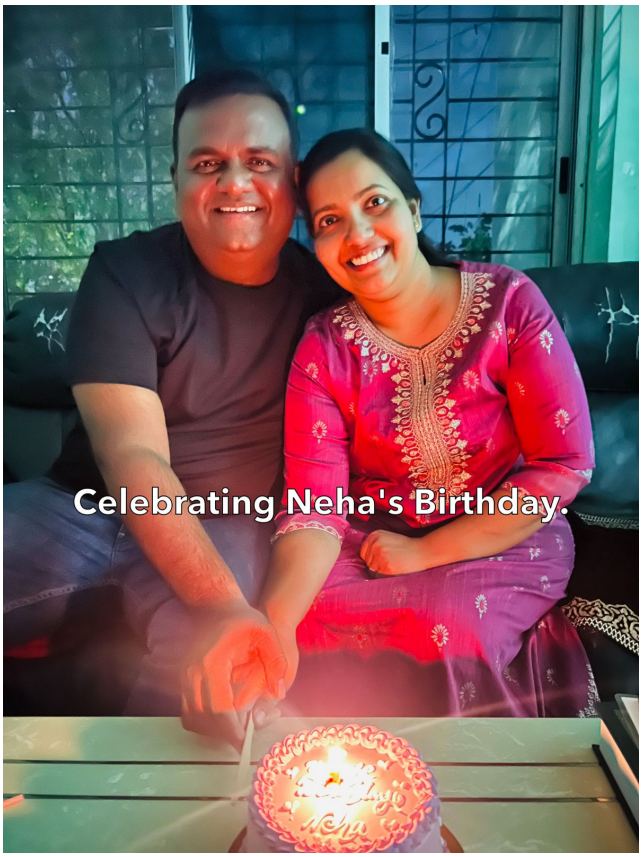

Our house construction is progressing well. The ground floor will be where we would reside, and on the first floor we are building a Church hall where we would be able to accommodate above 40 people and also include a guest room for visitors. Please keep our house in your prayers and if God puts it in your hearts then you may give towards this project.

To Amravati with the Gospel - Nitin, Neha and Yohan Ingle.
