

The buses are here! Praise the Lord! There had been some delays in leaving the US, but they were driven into the country last Tuesday. Currently they're being sandpapered and are getting ready to be painted. God willing, we will be able to license one of the buses tomorrow.

Our church has been patiently awaiting their arrival and it seems the current buses are well aware that they are being replaced and are on their last. Again, we are incredibly grateful to the Lord for providing these as they will be replacing our current ones on the two major routes. One of the older buses will be repaired and used for the shorter runs in the Belama and Buttonwood area while the other will most likely be sold for parts.

Our children's Easter program went very well, and our children's class has been on the increase since the anniversary service. We've grown from an average of 25 to now about 45. Praising the Lord! We have also been very busy with the follow-ups of visitors to the anniversary and disciplining those that were saved, getting them prepared for baptism. Our service attendance is also on the increase, as we

are noticing a greater response to our soul-winning efforts. Please continue to pray for our church as we press on and please help us to pray for our new converts, to follow in the believer's baptism and join our church membership.

On the 14th of May we have our school ministry's 2nd graduation. We have one student graduating, Adyn Sosa. Adyn was one of seven students that were enrolled when we first began Heritage Baptist Academy. Since 8th grade, Adyn has worked diligently in his studies and is very active in the IBC ministry. He has been accepted to the University of Belize and will be studying Building and Civil Engineering. Please pray for him as he begins this new educational path.

We are still praying for the timing of God on the Ladyville Ministry, it is still a heavy burden in my heart, but I am trusting the Lord. Please continue to pray for direction in this matter.

Thank you again for all your prayers and support for God's ministry here in Belize.

Our Children's 2023 Easter Program.

Last month we began a Bible Children's Hour at Gracie Rock Village, which is about 9 miles from where we live. We've had 3 sessions so far and will continue to meet every two weeks at their community center. We were surprised and heartbroken to realize how little knowledge these children had about Jesus and the Bible. We asked if they knew why Easter was celebrated, and they had no idea. Please pray for these young children and this outreach program.

Adyn Sosa began the IBC school ministry in the 8th Grade and will be graduating on May 14th.

God in His grace, has provided IBC with an amazing school ministry to specifically separate and train the young children of our Church who are serious about growing in faith and in their academics. Preparing young men and women to be faithful Christian adults has never been easy. Like us, they began their lives as sinners in need of salvation, which is only through Christ Jesus. As parents, pastors, teachers, and mentors, we seek to be God's instruments in this process. Please pray for our school children that they will continue to live a God-mastered life and soul, who will continue to bow the knee to Jesus as Lord.
